The Benefit To You The Borrower

The entire Loan express application process is transparent to you, the borrower. Our platform gives you total control to borrow amounts that best meet your affordability and terms.

How Long Does It Take?

Once submitted your loan application normally gets reviewed within a few hours. To streamline the loan process, ensure you provide the most accurate information possible. Once your loan reaches 40% of its value you will be able to cash out immediately.

Can I get a loan if I do have or have had Debt Court Judgments?

YES, under certain circumstances you can. Having a Debt Judgment does not always prevent you from getting a loan. You may also wish to consider clearing some or all of your Judgments with part or all of your loan. The choice is yours. It is not a condition of our loans that you have to clear any Judgements either before or after you take the loan out.

Your Security Is Our Priority

At Loan express we value your personal and financial information just like you do. We use banking security mechanisms to encrypt all data being transmitted between our servers and your computer. Furthermore, all community members are protected by strict legal vetting processes.

TIP: Always ensure that your sensitive information is kept safe and only known to yourself.
